PROFILE

I have recently completed a Bachelor of Computer Applications. I have acquired proficiency in Python, Django, SQL, HTML, CSS, and JavaScript. My passion for coding and unwavering commitment to continuous learning drive my ambition to excel in the field. I am actively seeking opportunities to apply my technical skills and contribute to innovative projects while building a promising career in technology.

EDUCATION

Bachelors's in Computer Application - BCA

2020 – 2023 | Keshod

The Future Computer Science College

Higher Secondary Education

2019 – 2020 | Keshod

Dudabhai Dhanjibhai Ladani (DDL)

Secondary Education

2016 – 2017 | Keshod

Dudabhai Dhanjibhai Ladani (DDL)

EXPERIENCE

Python Internship

05/2023 – 06/2023 | Ahmedabad

Sparks To Ideas| IT Training

During my one-month internship at Sparks To Ideas - IT Training, I focused on two key aspects of Python development: core Python and Django. I gained a strong understanding of fundamental Python concepts and techniques, laying a solid groundwork for my programming skills. Moreover, I had the opportunity to explore web development using Django, delving into its model view controller (MVC) architecture and gaining practical experience in building web applications. This internship was a valuable and educational experience, broadening my Python expertise and introducing me to the dynamic field of Django web development

Software Developer

06/2023 – present | Ahmedabad

JSpiders: Java Training Institute

I had the chance to learn a variety of programming languages and technologies throughout my 4 month training at Qspider, which allowed me to develop useful abilities. My primary duties and successes were as follows:

Educating the Core Java enabled me to gain solid fundamental programming abilities and a comprehension of object-oriented programming concepts. gaining expertise in SQL will enable me to handle databases effectively and construct databases. Developing my skills in HTML and CSS has given me the ability to design and construct web pages with an emphasis on user interface and user experience. Learning JavaScript will enable me to produce interactive and dynamic web content to improve web apps.

SKILLS

- Python
- Django
- SQL
- CSS
- Odoo
- Rest API
- HTML
- Git & Github

PROJECTS

Wooden Furnitures

2023 – present

E-Commmerce website

The "**Wooden Furnitures**" project is a web app that helps you buy wooden furniture. It uses **Python**, **Django**, **HTML**, **CSS**, and **SQLite3** to work. You can register, log in, and shop for furniture. It keeps your information safe. You can see product details and prices, and put items in a cart to buy later. The project is not complete yet, but I'm actively working on improving and adding more features to make it even better over time, so you can expect more cool stuff!

CERTIFICATES
